networking our way
to a research future

Prague
7-8 May 2009

A major event
on EU research programmes

www.ec.europa.eu/research/rtd-2009

09

The SEAFOODplus Research Platform will assist in furthering and stimulating your involvement and networking with EC research projects. This is particularly true for initiatives of and with the **new EU Member States**, which will be a focus of the event

This is a unique opportunity to look into how participation in the SEAFOODplus Research Platform and FP7 will become a success for you and your ideas

Further information on the event is available on the conference website:

www.ec.europa.eu/research/rtd-2009
